

Grammetry with OptiSprint

Design Services

OptiSprint Kit

Coping-free Prosthesis

ROE Grammetry is more than a photogrammetry alternative. It is the cohesive integration of full-arch workflow products, tools, and services that when combined provide an unparalleled photogrammetry-level solution that you can depend on.

Grammetry is scalable regardless of your number of offices, number of surgeries, and is applicable for freehand, static and dynamic guided systems, and robotic.

## Grammetry with OptiSprint

OptiSprint is a game-changing method of capturing records for day-of-surgery prostheses, printable in the dental office or by ROE.

- Applicable to all surgical workflows – freehand, guided, robotic, etc.
- The benefits scale to match practice technology levels
- The cost is 1% of a typical photogrammetry system – pay case by case

### OptiSprint Kit

Includes all parts for a single arch. OptiSprint Kits are one-time use. Additional scan bodies available for purchase at \$95/ea.

\$ 295	4 implants
\$ 375	5 implants
\$ 445	6 implants

## Design Services

ROE designs and provides same-day .STL files for the dental office to print in-house. Turnaround time starts once ROE receives all appropriate records. An active account with ROE is necessary to meet deadlines.

1-hour express turnaround time <i>48-hour prescheduling required.</i>	\$ 330	1 hour or less
24-hour turnaround time <i>Submitted by 10am</i>	\$ 280	1 day in lab
48-hour turnaround time	\$ 230	2 days in lab
1-hour express 10-arch prepaid package	\$2,800	1 hour or less

## Prostheses

ROE designs and performs all steps of prosthesis fabrication. Pricing does not include implant parts.

Printed provisional prosthesis <i>Includes pink gingiva, coping-free</i>	\$ 328	7 days in lab
Digital Full Arch Zirconia (DFAZ) <i>Premium full zirconia bridge for direct to MUA insertion with DESS 19.018, Dan Rosen, or Powerball screws (screws not included).</i>	\$2,400	10 days in lab
NobelProcera® zirconia final prosthesis <i>12 teeth, screws included.</i>	\$2,868	12 days in lab
